About Me

Hi, I'm Asnia M, a passionate Java Full Stack Developer with an interest in building scalable, user-friendly applications and clean UI experiences. I enjoy working with Java, Spring Boot, React, and modern web technologies, and I'm constantly learning to improve my development and design skills.

CAREER OBJECTIVE

Aspiring Java Full Stack Developer and UI/UX Designer with skills in Java, Spring Boot, SQL, React, HTML5, and CSS3. Passionate about building responsive, user-friendly web applications and eager to contribute technical skills and creativity to a collaborative team.

PROJECT EXPERIENCE

E-Commerce Cart
• Developed dynamic cart functionalities using REST APIs with real-time pricing updates.
• Implemented validation and improved user experience through clean UI components.

One-Page Profile Website (Responsive)
• Built a responsive profile webpage using HTML5 and CSS3 with semantic markup.

Bootstrap Practice Page
• Designed structured UI layouts using Bootstrap grids, cards, and reusable components.

Cafe Webpage – Static Website
• Developed a clean static webpage focusing on layout hierarchy and styling.

ACHIEVEMENTS / LEADERSHIP

Smart India Hackathon (SIH) 2022 – Grand Finale Participant & Team Leader

CERTIFICATION

Full Stack Development with UI/UX — ALO Educational Hub (Jun–Dec 2025)
